"Value Series" : Best VALUE gaming cases with the highest C/P Ratio (Cost to Performance ratio).

"Professional Series – Red label" : Super tower or Super mid-tower cases with elegant, clean line designs.

"Aluminum – Silver label" : Unique "Full aluminum" cases targeting at power users, professionals and gamers.

Yellow

"Ultimate Gaming Series – Black label" : Ultimate gaming cases targeting at the extreme gamers. This Series offers gamers with most functions, expandability and Extreme cooling.

"Compact – Blue Label" : Small form factor case series including cube cases, mini-ITX and Mini-Tower (Micro-ATX).

Vs-4 is a Superb Gaming case which is affordable by everyone. This case is one of the BEST VALUE case in the market today if not the BEST VALUE case.

The Chassis is solidly constructed with 0.5mm SGCC. It is also beautifully finished with "All Black" interior and it includes many advanced features even for the most demanding gamers and enthusiasts. It has great expandability and versatility. The chassis supports 4 x 5 1/4" devices and 5 x 3.5" HDDs (2 can be installed on the FDD rack) with anti-vibration rubber rings. The HDD rack can be installed in conventional direction of facing the back side of the case or simply rotate 90 degrees with cables facing the right side panel for tidier chassis environment.

Vs-4 also supports long high end VGA cards up to 290 mm. When the FDD rack is dismantled from the chassis with a simple step of removing two thumb screws, the internal chassis length is extended to 430 mm for even higher end VGA cards.

Vs-4 also provides un-rival air flow and cooling. Users can install up to 2 x 12cm intake fans (optional) on side panel, 1 x 12cm intake fan on the front panel (optional) and 1 x 12cm fan on the rear of the chassis (included). Bottom PSU position will also suck in cold air and help cool your system.

Ease of installation is also one of Vs-4's advance features. The cable management holes are pre-drilled on the MB plate to reduce the cable mess inside your chassis. A CPU hole is also pre-drilled on the MB plate for easy mounting or assembly of your CPU cooler. Water-cooling holes are also available at the case rear to support water cooling systems. The Vs-4 is the best Gaming case your money can buy !!
