Like a warrior in an armored suit on the battle field, the fierce looking X-Warrior is one of the coolest gaming case which is affordable and yet charismatic in its own design and certainly a great show-off to your friends. This case is one of the BEST VALUE case in the market today if not the BEST VALUE case.

The Chassis is solidly constructed with 0.5mm SECC. It is also beautifully finished with ALL BLACK interior with "blue" PCI plate and screw-less knobs (Black Edition) or ALL RED interior with "BLACK" PCI plate and "RED" screw-less knobs (Red Edition) and it includes many advanced features even for the most demanding gamers and enthusiasts. The chassis supports 3 x 5 1/4" devices, 1x 3.5" FDD (with adaptor) and 4 x 3.5" HDD + 1 x 2.5" SSD.

X-Warrior also supports long high end VGA cards up to 400 mm which is more than sufficient for those heavy PC users and gaming enthusiasts.

X-Warrior also provides un-rival air flow and cooling. Users can install 2x12cm fan at side panel (optional) / 1x12cm fan at rear (included) and 2x12cm fans in front (one fan included). Bottom PSU position will also suck in cold air and help cool your system.

The cable management holes are pre-drilled on the MB plate to reduce the cable mess inside your chassis. A CPU hole is also pre-drilled on the MB plate for easy mounting or assembly of your CPU cooler. Water-cooling holes are also available at the case rear to support water cooling systems.

The X-Warrior is the best Gaming case your money can buy !!

A dramatic scene of a warrior on a horse leading a charge of soldiers at sunset. The warrior in the foreground is silhouetted against the bright, orange glow of the setting sun, holding a sword aloft. Behind him, a large formation of soldiers in armor is visible, also silhouetted against the light. The sky is filled with long, wispy clouds, and the overall atmosphere is one of intense action and heroism.
