IN WIN α360

360° of Beauty . . .

Features

Patented Front Panel Design

The front panel flares up and slides effortlessly into the top of the chassis with a single touch.

Ergonomics

Swerving HDD cage and rounded edge structure making α360 truly an enjoyable chassis suitable for all.

Aero Dynamic Design

A non-orthodox but yet flawless ergonomic design with no small detail left unattended.

Tool - free mechanical design

Ergonomic design with One-Touch everything mechanism makes assembling a fun and enjoyable experience.

State of the art technology and beauty fused as one.
