Blazing Gaming Chassis

- Customized your own front panel
- Red LED fan providing an dynamic visual effect

Highly Expandable

- Seven PCI-E slots to support high-end full size graphic card (up to 408mm / 16.1")
- Supports CPU tower heatsink up to 187mm w/clear side panel (or 178mm w/mesh side panel)

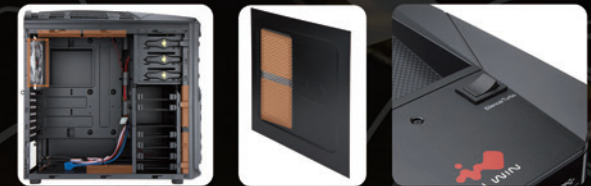

Flexible Drive Bays

- Supports 5.25", 3.5" and 2.5" devices up to 11
- Flexible 3.5"/2.5" HDD tray with rubber pad to absorb vibration and reduce noise
- Supports up to 4 SATA HDD EZ-Swap modules for ease of installation

Excellent Thermal Solution

- New internal structure design for better thermal solution
- Supports up to 8 x 120mm fans to provide excellent airflow for your system
- Fan with dual mode control (Silence/Turbo)

User Friendly

- Enlarged cable routing space
- Removable HDD bracket to support high-end components
- The top 3.5"/2.5" SATA HDD/SSD EZ-Swap dock can be used conveniently to place the mobile phone while charging
- Easy installation of CPU cooler via a retaining hole without removing motherboard
- Easy removable air filter for the fan and power supply
- Super speed USB 3.0
